Dear Simon

NZCJBA Commercial Jet Boat Maintenance Guideline

I am pleased to confirm Maritime New Zealand's support of the above guideline. It is great to see the Association taking a lead in terms of industry led guidance material.

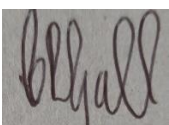

Please note the following requirements in relation to our support:

- The guideline needs to have a review date added to the document (the placement of this is up to NZCJBA). Maritime New Zealand usually have a 3 year review period for this type of document.
- Maritime New Zealand would like to link to this document from its website and ask that you send us a link once it is published.
- If any further changes are made to the document, before or after the review period, we ask that the copy is sent to Maritime New Zealand to review before it is finalised.

I appreciate this has taken some time to get to this stage and thank you for your patience. I look forward to hearing how well the guidance is being used by the industry.

If you have any further queries please do not hesitate to contact me at caroline.gall@maritimenz.govt.nz

Yours sincerely

Caroline Gall
